Discipleship in 1 John.

WEEK 9: 1 John 3:4-10 DISCIPLESHIP THEME – The Devil's work destroyed!

REJOICE! God has made us his children and has set us free from the destroying work of the devil. Having looked on Christ and been made brand new through him, we are now asked to live that out. Of course this does not mean that we will be perfect, but like a sliver of wood in our finger, sin is no longer a part of us. We feel it's foreignness and the pain it causes and reject it! God desires that his Holy seed will grow within us as will the purity of his love.

Slowly read the daily verses below. Have these questions in the front of your mind as you consider what it means to have our relationship to sin changed in Jesus name! Underline any words or phrases that stand out to you.

Guiding Questions:

1. How does our relationship with God change our relationship to sin?
2. Do you have examples from your own life of this?
3. What does the word discipline mean to you?
4. How do we get victory over sin and its consequences?
5. How can we talk about sin without giving off the vibe of condemnation or judgment?
